<p>PATIENT NAME:</p> <p>Address:</p> <p>Phone & Email:</p> <p>DOB:</p>	<p>REFERRING PROVIDER (MD, NP, Dentist, PT, RMT, ND, DC, OT accepted)</p> <p>Phone:</p> <p>Fax:</p> <p>Address:</p>
--	---

Reason for Referral (check as many as relevant):

- Botox treatment for chronic migraine**
Private insurance often requires 2 past/current migraine prophylactics for coverage, please indicate these below so we can complete the requisite insurance/EAP forms.
Cost: \$300 (tax exempt medical expense)

- Comprehensive headache assessment and treatment plan**
1 hour comprehensive visit to develop an individualized treatment plan including relevant pharmacological treatments (Botox, CGRP mAbs, gepants will be discussed/prescribed as appropriate)
Cost: \$225 (tax exempt medical expense)

- Botox for Temporomandibular Joint Dysfunction (TMJ dysfunction)**
Treatment cost is variable based on individual assessment (typical range is \$400-\$600)

<p>Past and/or current migraine prophylaxis:</p> <p>1.</p> <p>2.</p> <p>Additional patient information:</p>

Professional Designation

Christie Tait is a Nurse Practitioner with clinical expertise in primary headache disorders, particularly migraine. She is a member of CHS, AHS, and the Canadian Headache Society Scientific Committee responsible for developing the accredited Mastermind CME Program for Canadian Primary Care Providers. She integrates both non-pharmacological and pharmacological into her care plans and has experience with all specialized migraine treatments including: Botox, CGRP monoclonal antibodies, and gepants.
